1. **Please sum up the event in one or two sentences.** May we use your comments from this form for future conference marketing?

**Comments May Be Used**

- Interesting to hear what the impact of the new regulation is on Industry!
- Content was very interesting and helpful. Discussions were intensively and fruitful. Great event which hopefully will take place in the future as well.
- Very informative, many new points mentioned, would have liked to have seen draft guidance on new variation system before/at this meeting so as to have full insight into new procedure and ask any questions on same.
- Very informative. Gave us the opportunity to prepare in advance and understand the upcoming new regulations
- Very information and a good range of speakers.

3. If there is one thing we could have done to improve your experience of this event, what would that be?

- For the Agency speakers to have remained available for both days – but then everyone's busy, so I understand!
- Deliver list of participants with job-title!
- Let a presenter of the Authorities give a presentation on what was done with the comments of the Industry on the new EU variation guideline.
- I think that we have enough information to digest in two days.
- To have guideline of new variation procedure available for discussion
- More practical examples and solutions
